TALES FROM THE POND

LILY'S PAD NEWSLETTER

“UNDER THE BIG TOP” AT LILY'S PAD!

The circus came to Lily's Pad this month, thanks to our friends at Skylark Studios! They shared an incredible aerial performance show with us, including an act from our own Miss Lily! And thanks to our sponsors, Tempe Diablos Charities and Grading Solutions, LLC, our circus party included a stilt walker, balloon twister, face painter, popcorn and more! Families enjoyed a lunch of burgers and hot dogs, feasted on cotton candy flavored ice cream and went home with circus themed gifts.

MEET OUR FRIEND MOISES!

If there was ever a kid who was the definition of energy, Moises is that kid! From the minute he walks through our doors, he never stops moving! He is truly a bundle of all things fun and playful, making him a great addition to the Lily's Pad family and someone we can't wait to introduce to you!

In August of 2024, Moises was diagnosed with Aplastic Anemia, a rare and serious blood disorder where bone marrow fails to produce new red blood cells, white blood cells and platelets. He received a Bone Marrow Transplant in March of 2025.

Moises' mom shared this: "Having a place like Lily's Pad has helped Moises in many ways. It's gives him a safe place to play and have social interactions with others kids of all age ranges. One thing he misses doing the most is going to the park, Lily's Pad is a great substitute for that."

When he's not at Lily's Pad, Moises loves watching movies, playing pretend, and drawing monsters. His favorite colors are green and purple. He loves Pizza, shrimp and French fries and his favorite snack is popcorn and chips.

What a blessing it has been for all of us here at Lily's Pad to meet Moises and his family!
